En las revisiones del vehículo es conveniente efectuar también el mantenimiento de apriete de toda la tornillería del carenabrís, especialmente los tornillos que fijan éste al vehículo.

Gracias por su atención.

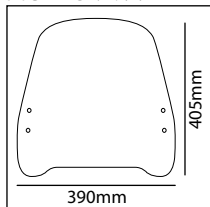

It would be convenient to re-tight the windshield screws, specially the ones that are fixed to the motorcycle, whenever you maintain the vehicle.

Thanks for your attention.

ATTENTION: The wind deflector is designed to reduce wind resistance and noise. It is not intended to be used as a protective shield. The deflector may cause damage to the windshield or other parts of the vehicle if it is not properly installed or maintained. Always use the deflector as intended and follow the instructions provided in the owner's manual.
